### **Network for Victim Recovery of DC Receives 2020 Best of Washington Award**

Washington, DC (January 28, 2020) -- Network for Victim Recovery of DC (NVRDC) has been selected for the 2020 Best of Washington Award in the Social Services Organization category by the Washington Award Program.

Each year, the Washington Award Program identifies organizations that have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and our community. These exceptional companies help make the Washington area a great place to live, work and play.

NVRDC is pleased to accept this award in recognition of our work supporting survivors of crime. Founded in 2012, Network for Victim Recovery of DC empowers victims of all crimes to achieve survivor defined justice through a collaborative continuum of advocacy, case management, and legal services. The organization is driven by an empowerment model philosophy that acknowledges the long-reaching impacts of unaddressed trauma on individuals, their families, and communities. This award recognizes the impact our advocacy program has made over the years. We are proud to share that to date, NVRDC's advocacy program has supported 4,181 clients and worked on 1,994 cases at the hospital.

About Washington Award Program: The Washington Award Program is an annual awards program honoring the achievements and accomplishments of local businesses throughout the Washington area. Recognition is given to those companies that have shown the ability to use their best practices and implemented programs to generate competitive advantages and long-term value.

The Washington Award Program was established to recognize the best of local businesses in our community. Our organization works exclusively with local business owners, trade groups, professional associations and other business advertising and marketing groups. Our mission is to recognize the small business community's contributions to the U.S. economy.
